BELLE

(reading a book)

Oh, this is my favourite part, "...and so Cinderella had mercy on her stepmother and sisters, understanding their pain, and swore as a princess she would always love and defend survivors like herself..."

(sees audience)

Oh! Hello everyone, I'm sorry, I didn't realise all of you were here, do you know who I am? Yes that's right I'm Belle. So, what do you think of our little french village here? It is lovely, but I don't really feel like I fit in here. There's nobody to talk to about, well, the world, and, all the places, and things like poetry and philosophy... the only thing these villagers talk about is hunting and eating animals and burping ale, especially Gaston. All he talks about is how strong and handsome he is.

PRINCE JACK

(on a ship)

Set sail for adventure Geeves! And how many times have I told you to keep a handle on that mast! You almost broke it last time!

(sees audience)

Ahhh, an audience! Welcome everyone! You are indeed quite lucky to be with us on this voyage! I know this time, we will find new lands! And then I will prove that the world is not flat, but round, like a sphere! Ha! What a ridiculous idea, falling off the edge of the earth, don't you think! Yes.

(beat)

But to tell you the truth, none of this matters to me deep down, not without my one true love. I just can't seem to tell whether the woman who saved me was real, or just a dream. What do you think everyone, was she real? Oh I hope so. Still, no sense in worrying about it now. We have seas to sail, and adventures to be...well...had! Farewell!
