

## **WISE ARCHETYPE**

### **Here are the Audition Sides for the Wise Archetype.**

Choose the side you feel most suited for and aligned with.

#### **CLEVER PRINCESS**

(helping Elsa and the audience)

Everyone will you help Elsa? Stand tall with Elsa right now. **STAND TALL!** Show us how you are a powerful force for this world. Imagine a strong sword coming out of your arms, and using it to protect what is good and right, and never to cause harm. Imagine a powerful energy coming from you, Elsa, and everyone here, feel it emanating from you and positively affecting everything around you. Imagine using this energy to carve out your place in the world, feeling good about going with the flow of life, creating everything you've ever dreamed of. If you know that you can feel good whilst being strong and powerful, then Say Yes! Say Yes! Say YES! And remember, any time you are doubting yourself or worried about the next step in your goals in life, remember this moment, remember the power within you exists and nothing can stop you from creating the life of your dreams! It's your choice in how you choose to feel! If you know you can always make a better choice, then Say Yes!

#### **MERLIN**

(helping Arthur and the audience)

Betrayal can make us feel less than equal to others - like we're not as worthy or deserving. It can happen to all of us. Have you ever felt like that too, my young apprentices? Like your friends or family weren't there for you when you needed them? Most of us, yes. Well how does that make us feel? If we feel unworthy, unsupported or even less than others, it can make us feel?

(pull identifiers of sad face)

Yes, sad! Then we should express this sadness, to find equality within us again, the balance, the movement, the flow. Only then can we come to accept the truth, that everyone in the world is truly...equal! If you think that you can go out and create oneness and equality in the world, then Say Yes! Say Yes! SAY YES!

## **FAIRY GODMOTHER**

(introducing to audience)

Well, if I don't look the most fabulous I've ever looked, I should start my own Godmothering business

(sees audience)

Oh my goodness you nearly frightened the knickers off me bum. Hello there! Oh it's lovely to see a group of gorgeous young audience theatre goers! And I do love a good show, don't you everyone? Do you know which story you're here to see today? Oh yes of course, Cinderella! You know Cinderella is a favourite among almost every culture and society on earth. Cinderella lives in a house, with her stepmother

(vomits)

...and her two step-sisters. And something else that's really special about the show today? Something magic! Any of the boys and girls and everyone else whose hearts deep down are good...well that's basically all of you! You'll be going on a journey in your heart that will change your life forever. You can try it right now! Imagine a loving memory, any beautiful memory you can think of, imagine it floating around in front of you... and you can reach out and grab it! Pull it into your heart. Now think of another time that you felt loved, and bring that in, reach out and grab that memory, still with your eyes closed, and pull it into your chest. Pull another one in, that's it! Feel it, just remember how it made you feel. If you feel better than before, then Say yes! Lovely.
